Pariſiis in vico cythare prope ſanctorum Coſme et Damiani templum apud Petrum Attaingnãt et Hubertum Jullet.

Integerrimo ac doctiſſimo Viro Remigio Ruffo Cãdido inſignis Eccleſie Turoneñ canonico meritiſſimo P. Mãchicourtius S.D.

NOn errauerunt, mea quidem ſententia, Stoici Remigi eruditiſſime, qui, quę in terris gignũtur, ad vſum hominum omnia creari exiſtimarunt, homines autem hominũ cauſſa eſſe generatos, vt ipſi inter ſe, aliȷ̃ alijs mutatione officiorũ prodeſſe poſſent Quod perpendẽs Terentianus ille Chremes, obiurganti Menedemo ſeni, ſcite admodum reſpondit, homo, inquit ſum humani a me nihil alienum puto Et ſane quia homineȝ nudum fragilemq; deus formauerat, vt eum ſapientia bene inſtitutum melius inſigniret: pręter cętera hũc amorem illi pietatis inſeuit, vt homo hominem tueatur, diligat, foueat, contraq; omnia pericula et accipiat, et pręſtet auxilium: Sũmum igitur inter ſe hominũ vinculum eſt humanitas Quę profecto pręter raras animi tui ingenijq; dotes, multorum animos cũ perſtrinxiſſet, magna familiaritate ſibi cõiunxit. Et vt interim taceam, quę, erga omnes doctos, et indignitate fortunę male acceptos, tuę humanitatis officia extant: ego vel ſolus ampliſſimũ argumentum eſſe poſſum, qualis quãtuſq; ſemper fuerit tuus ille ſingularis morum candor, et melioris vitę non omittenda conſtitutio. Tu enim vix bene cognitũ, et diuerſis fortunę flatibus obiectum adeo benigne, et re, et conſilio fouiſti: vt tibi iure acceptũ ferre debeam, quod etiam nũc res noſtrę incolumes ſtent maxime: quas in extremum fere diſcrimen, inuidia ipſa cum adduxiſſet, tuum Petrum laborãtem, velut facto gradu, ſuſtentaſti ſeruaſti, aſſeruiſti. Nec licet quoq; ſilentio nũc pręterire, qua animi honeſtate, tua nos opera vti volueris: quoſq; labores vltro in rem noſtram impenderis. Profecto ſi vt conatũ pręſtitiſti, ita cœptis fortuna reſpõdiſſet, meliore vento nauigaremus: quem in hac maris trãquillitate confido breui nõ defuturum. His igitur tot tuę humanitatis beneficijs affectus, magnopere ſollicitor quopacto tuis in me meritis gratiam referre poſſim. Et quãuis in ſolidũ atq; aliqua ex parte haud fieri poſſe ſatis id intelligam, nihilominus tamen adiuncto aĩo impenſe laborãdum eſt, vt ſic ſaltem tibi homini longe omnium gratiſſimo interiores bonę mentis affectus oſtendãtur. Quãobrem aliquot noſtras muſicę artis cantiones tibi vt patrono dicamus, Remigi hũaniſſime, noſtrę erga te beneuolentię teſtimoniũ fideliſſimum: quas cũ amici pene quotidianis a me conuitijs poſtularent, neq; eas, citra magnũ laborem, quis facile (omnibus obſequẽdo) exſcribere poſſet, neq; etiam id conſilij foret, eorum expectationem diutius protrahere, operępręciũ me facturũ putaui, eas ſub tui nominis tutela pręlo cõmittere: quo facilius omnium volũtati ſatiſfacerem, et hoc officio ſimul oẽs amantiſſimos mei demereri poſſem. Neq; id tibi mirũ videri debet, ſi quę tibi, itidem et illis priuatim dicata ſunt, omnibus cõmuniter expoſuerim, quin omnino par eſt, vt quem pari amore cõplectimini, ita eiuſdẽ vigilijs gaudere et oblectari poſſitis Quę ſi vobis gratę forſaſſis videbũtur, ęqui boniq; velim cõſulatis. Si minus tamen iucundę: dediſſe me operam, conatunq; omnem pręſtitiſſe, quęſo, ſufficiat. qui ſicut pleriſq; in rebus vel ſolus laudi datur. Ita eũ ad veniam mihi libenter ſperauerim profuturum. Vale.
