## Suite for Ballet

### 3. Princess Leilana

Narrator: "Dressed as a scullery maid, Princess Leilana escapes from the heavily guarded palace where her father, King Maltorno, has kept her sheltered from the world since birth. Soon, tired and hungry, she is taken to the Prince of Thieves. In love from the moment their eyes meet, he does not believe that she is the princess. The king, mad with anxiety and rage, marshals all his forces to search for her. She is soon found and returned to her palace prison, where her nurse strives to console her. The Prince of Thieves is captured and executed. Princess Leilana runs up to the rampart and leaps to her death. The distraught king staggers behind her coffin to the graveyard, never to speak again."
