In preparing this edition, I used a facsimile of an edition published in Paris (circa.1750). These sonatas first appeared in 1738. Both flute and violin version of Opus 2 are identical.

I think it is important that the performer should decide on any changes made to text, therefore all notes and articulation are as originally printed. Where any anomalies occur, the original has been placed in brackets above the note. All inconsistencies in slurs have also been kept. The differences in articulation may have been intended or perhaps they are just printing errors. Dynamic markings do occasionally appear and are original.

The Opus 2 set of Sonatas have a few rhythmic inconsistencies regarding the use of semi and demi-semiquaver particularly in triplet figures. I have indicated where this occurs and have shown examples below where applicable.

The realization of the figured bass is only rudimentary and is intended for those unable to realize their own.
