Missa sine nomine à 4: Kyrie

Notes

Introduction

Over the last couple years, I've been arranging early music repertoire for myself to sing while playing the piano. More recently, I've been experimenting with a program that generates arrangements and practice materials automatically, for daily practice. These experiments reflect my musical habits, tastes, and abilities in the following ways: first, I enjoy practicing the same composition in various keys and with different combinations of voices (often leaving one or more voice out of the texture); second, I enjoy having something new to practice every day; third, singing one voice while playing **at most** two others stretches me to the limit of my abilities as a performer and listener.

As always, I share these scores to encourage **you** to explore this remarkable music. You are welcome to alter the notation however you see fit, provided that you abide by the [CC BY-SA 4.0](#) license.
