ILLVSTRISSIMO
PRINCIPIS AC DOMINO D. RICARDO,
Comiti Palatino ad Rhenum, Duci Boariae, Domino suo Cle-
mentissimo S. D.

NON IGNORARE CELSITVDINEM TVAM ILLVS-
trissime Princeps arbitror, dulcissimum nomen Musicae, à nouem Musis appellatione-
nem trahere, quarum prima VRANIA à Caelo dicta est. Principio enim Dei do-
gmata, & uaticinia sacris literis comprehensa, non humana ratione excogitata &
inuenta sunt, sed diuinitus è caelo reuelata, & per uiros prudentes ac eruditos deim-
ceps propagata. Secunda EUTERPE à suauis delectatione appellatur. Nam
cognitio Dei & beneficiorum CHRISTI pjs mentibus, pacem conscientiae,
gaudium & delectationem cordis gignit, auget amorem erga Deum, quem Musica
tertia ERATO ab amore dicta, excitat. Quartae nomen est THALIA, quasi
uirens & florens, Homines enim nouitate & Spiritu S regenerati, sicut palma per-
petuò floreunt. Quinta MELPOMENE nomen sortita est, nimirum à canen-
do, & modulando, siquidem homo, qui in Deo iam latatur, beneficia Christi dulci &
suauis harmonia, & debita gratiarum actione decantat & celebrat. In talem hominem si artis Musicae ignari & imperiti
incidunt, illum admirantur, & quasi Deo similem agnoscunt, id quòd CLIO, sexta in ordine denotat à celebritate di-
cta. Septima POLYMNIA, à copia & uarietate hymnorum & cantilenarum nuncupatur, inde totus chorus piorum
coelesti gaudio perfruitur, Deumq; summa delectatione, & uoce canora in omnem aeternitatem laudat: Quod TER-
PSICHORE à delectando chorum, & CALLIOPE, à delectabili & suauis uoce dictae, aptè significant. Huius
diuini Musarum Chori dux est omnipotens & diuinus ille Apollo noster Dominus IESVS CHRISTVS Iustitiae
sol & fons, quem omnes homines diuinæ Musicae adminiculo celebrare, & decet & pium est.

Manifestum est autem Musicam humano generi præcipuè datam esse propter laudes Deo decantandas. Primum
scilicet ut cantu tanquam literis, conseruarentur & propagarentur oracula & dogmata diuinitus tradita. Deinde ut
piæ sententiæ magis penetrarent in animos & mentes, & quasi ferirent ac mouerent hominum pectora uel euentius: Si-
cut nemini dubium est, Musicam ad Sacros ritus & Ecclesiae pias ceremonias semper adhibitam esse, Christi q; dicta, fa-

Ita & beneficia dulci harmonia cantus, & organorum sono celebrata esse. Hinc perpetuo in Ecclesia permansit ac conseruata est Musica, cui patres & Prophetæ laudantes Deum in Psalmis & canticis multum dediti fuerunt, ut Regis Dauidis Cytharædi, & Prophetæ exempla testantur, qui toties in psalmis monet, ut Musicis instrumentis & uua uoce Dei laudes celebrentur: Cantate Domino canticum nouum, Laudate eum in Sono tubæ. Laudate eum in Psalterio, & Cythara, Laudate eum in Cymbalis benè sonantibus & iubilationis. Laudate eum in Chordis & Organo, &c.

Porro non frustra hanc artem & amant & amarunt, colunt & coluerunt uiri potentes, Reges & Principes, aliq; homines Ethnici prudentes. Est enim nutrix, domina & gubernatrix affectuū, pellit tristitiā cordis, relaxat animū molestia, lenit odiū, mitigat iram, & mœstitiā, parit animi tranquillitatem. Adde etiam quòd ægrotis sanitatem reddat.

Quid præterea in humana uita dulcius ac suauius est concentu musico? Est sanè in Melodijs musicis honesta delectatio, sicut Syrah cap. 40. docet. Vinum & Musica latificant cor hominis. Alibi Syrah Musicam in conuiuio comparat Smaragdo qui auro ornatus est, ac uituperat eos, qui inter pocula molestis & importunis sermonibus Musicam turbant & impediunt. Cui non res iucunda uideatur? Cum una uox suo tenore canitur, ceteræ interim circumcirca mirabiliter ludunt, exultant & iucundissimis Symphonijs eandem uocem ornant, ueluti diuinam quandam Choream circa illam ducerent? Tali suauitate, qui non afficiuntur, illos saxis & Stipitibus cantu Orphei tractis & motis duriores & stupidiores esse iudicandum est, Eiusmodi igitur ἀνθρώποι, & centauri, grunnitum Porcorum & suum musicam audiant.

*Sed ualeant omnes quibus est ars Musica nauci,
Musica florebit Sydera donec erunt.
Suauis erit semper, rumpantur ut ilia Momis,
Musica grata Deo, Musica grata uiris.*

CV M uerò Illustrissime Princeps liquidò appareat, iuuentutem in **CELSIT**: tuæ inclyta Schola, strenuam in discendis bonis literis operam nauare, & præceptores iuuentuti suæ fidei commissæ, præter cæteras honestas artes Ecclesiæ Dei totiq; generi humano salutare & utiles, studiū quoq; suauissimæ & utilissimæ artis Musicæ, sedulò, fideliter & dextrè proponere, eamq; artem à **CELSIT**: tua, liberaliter & foueri & conseruari manifestum sit, Placeat ut in ea præstantissima arte meas exiguas opellas, qualescunq; sanè essent **CELSITVDINI** tuæ & ipsi **SCHOLAE** declararem. Quamuis autem inscitie et ingenij tenuitatis mihi ipsi optimè conscius sim (nou enim quàm curta mihi sit suppellex & quàm inter Musicos reliquos tanquam minimus uix infimos gradus attingam) tamen cum serè omne pueritiæ & adolescentiæ meæ tempus, in huius diuinæ artis iucundissimo studio consumpserim, hos harmonicos cantus siue Motetas ut uocant, fingere uisum est: Nec uerò quenquam esse existimo, qui aut artis, aut industrie

uit industriae ostendendae gratia me hunc sumpsisse laborem arbitretur. Non enim arrogans & elatus animus, sed apertus candor, & simplex studium, honestas artes amat, colit & admiratur. His itaque causis incitatus, hos exiles Musicae fructus prodere uolui. Quare Illustrissime Princeps, Clementissime Domine, cum nemo non sciat **CELSIT**: tuam Ecclesiae Christi sanam doctrinam, & Sacramentorum puritatem, ac uerum usum, recte intelligere, & constanter uoce ac opere confiteri, ipsasque honestas artes & cultores earum, praecipue uero Musicam benigne fouere, amare & pio patrocinio tueri, hoc, quicquid est mei exigui sane studij, id totum **CELSIT**: tuae consecro, inscribo ac offero, ea qua par est, ac decet animi subiectione, rogans, ut **CELSIT**: tua clementissimo animo & hoc munusculum accipiat & me complectatur, totiusque artis Musicae patrocinium, Musici quoque Chori, ac tandem mei tutelam clementer suscipere uelit. Christus aeterni patris aeterna & substantialis imago. **CELSIT**: tuam protegat, seruet ac tueatur, ut incolumi ualetudine & statu diutissime floreat, suo etiam Spiritu S. regat & gubernet ad diuini nominis laudem, ad Ecclesiae tranquillitatem & concordiam salutarem, utque honestis ac utilibus artibus debitus locus, & honos tribuatur, ac in his regionibus Pax aurea & placidissima quies conseruetur & uigeat. Bene & foeliciter ualeat **CELSIT**: tua, cui me submisce & reuerenter commendo. Ambergae Anno recuperatae salutis, M. D. LXVIII. Calend. EPISTOLA DOM. D.
MARTINI LUTHERI SCRIPTA AD LVDO-
vicum Senfelium, Ducum Bauariæ Musicum sub comitijs
Augustanis.

Anno Christi M. D. XXX.

RATIAM ET PACEM IN CHRIS-
to. Quamuis nomen meum adeo sit inuisum, ut uereri cogar, ne satis
tuto recipiantur a te, & legantur optime Ludouice, quas mitto lte-
ras: Vicit tamen hanc formidinem amor Musicae, qua te uideo orna-
tum & donatum a Deo meo. Qui amor spem quoque facit, fore ut ni-
hil periculi sint tibi allaturae meae literae. Quis enim uel in Turca uitu-
peret si amet artem & laudet artificem? Ego sane ipsos tuos Duces Bauariæ uehe-
menter laudo & colo praeceteris, quod Musicam ita fouent & honorant, Nec du-
bium est multa semina bonarum uirtutum in animis his esse, qui Musica afficiuntur. Qui
uero non afficiuntur, truncis & lapidibus arbitror simillimos esse. Et plane iudico, nec
pudet asserere, post Theologiam esse nullam artem, quae Musicae possit aequari, cum ipsa
sola post Theologiam id praestet, quod alioquin sola Theologia praestat, scilicet quietum
& laetum animum manifesto argumento, quod scilicet Diabolus curarum tristium &
turbarum inquietarum author, ad uocem Musicae pene similiter fugiat, ut fugit ad uera-
bum Theologiae. Hinc factum est, ut Prophetae nulla arte tantoperè sint usi ut Musica
dum suam Theologiam non in Geometriam uel Arithmeticam, non in Astronomiam,
sed

sed in Musicam digesserunt ut Theologiam & Musicam haberent coniunctissimas, ue-
ritatem canticis & Psalmis dicentes. Sed quid ego Musicen nunc laudo, & tam in an-
gusta chartula tantam rem pingere uel foedare conor? Sed abundat & ebullit sic affe-
ctus meus in illam, quia me sæpius recreauit, & magnis molestijs liberauit. Ad tē re-
deo & oro, si quod habes exemplar istius cantici: In pace in idipsum; mihi transcribi &
mitti cures. Tener enim iste à uuentute me delectauit, & nunc multo magis, Postquam
& uerba intelligo. Non enim uidi Antiphonam eam pluribus uocibus compositam.
Nolo autem te grauare componendi labore, sed præsumo te habere aliunde compo-
sitam. Spero sanè uitæ meæ finem instare, & mundus me odit nec ferre potest. Ego rura
sus mundum fastidio & detestor. Tollat igitur animam meam, Pastor optimus & fide-
lis. Idcirco hanc Antiphonam cæpi iam cantillare, & cōpositam cupio audire. Quod
si non habes, aut non nosti, mitto hic suis notis pictam, quam uel post mortem meam (si uo-
les) componere potes. Dominus Iesus sit tecum in æternum, Amen. Parce temerita-
ti & uerbositati meæ. Saluta mihi totum Chorum Musicæ tuæ reuerenter. Ex Co-
burgo 4. Octobris, Anno Domini 1530.

Martinus Lutherus.
